DETAILED ACTION

Allowable Subject Matter

1. Claims 4, 5, 17 – 20, 37 – 40 and 47 – 74 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 4, 17, 18, 37, 38, 47 – 49 and 72 recite, inter alia, a method of forming an electrical device comprising the steps of forming a third insulating film over a first and a second insulating films between the thin film transistor and the pixel electrode wherein the first and third insulating films comprise silicon nitride. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Claims 5, 19, 20, 39, 40, 50, 51 and 73 recite, inter alia, a method of forming an electrical device comprising the steps of forming a third insulating film over a first and a second insulating films between the thin film transistor and the pixel electrode wherein the first and the third insulating films comprise aluminum oxide. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Claims 52 – 57 and 74 recite, inter alia, a method of forming an electrical device comprising the steps of forming a third insulating film over a first and a second insulating films between the thin film transistor and the pixel electrode wherein the first and the third insulating films comprise diamond like carbon. The art of record does not

disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Claims 58 – 71 recite, inter alia, a method of forming an electrical device in which the thin film transistor is covered with up to five insulating films with the third insulating film being an organic material. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
